These activities are inherently dangerous and carry a significant risk of injury or death that cannot be eliminated.

These instructions DO NOT tell you everything you need to know.

Always know the total load on the primary load fitting.

Do not use unless you can and will understand and assume all risks and responsibilities for all damage/injury/death that may result from use of this equipment or the activities undertaken with it.

Everyone using this equipment must be given and thoroughly understand the instructions and refer to them before each use.

Do not use around electrical hazards, moving machinery or near sharp edges or abrasive surfaces.

We are not responsible for any direct, indirect or incidental consequences or damage resulting from the use of our products.

Stay up to date! Regularly go to our website and read the latest user instructions.

WARNING! This product can expose you to chemicals including nickel acetate, which is known to the State of California to cause cancer. For information go to WWW.P65Warnings.ca.gov

Back Rack 4-person

Thank you for purchasing this Rock Exotica product. The Omni-Rigging Block combines a pulley with a swivel and offers tremendous advantages. It allows installation and removal of the rope while the pulley is still anchored, which prevents stopping it & is often easier when rigging mechanical advantage systems. It does require that the user understand how it works and takes responsibility for making sure the sideplates are closed & locked. It also requires that the user be competent and familiar with using pulleys for fitting operations.
